

2022 Summer Breeze Ride For Autism – 30 Mile Ride

Route Description Welcome to the Summer Breeze Ride for Autism – Emergency no.: 203-314-5710

We hope you have a great time. **ALL** the proceeds from this event go to the SARAH Foundation and its efforts in support of people with intellectual challenges and their families here in Connecticut. The ride is run by the Southern Connecticut Cycle Club (www.ctcycle.org)

Route Description

We have done our best to make your ride enjoyable and safe. It covers flat terrain on little used roads.

Road Safety & Courtesy

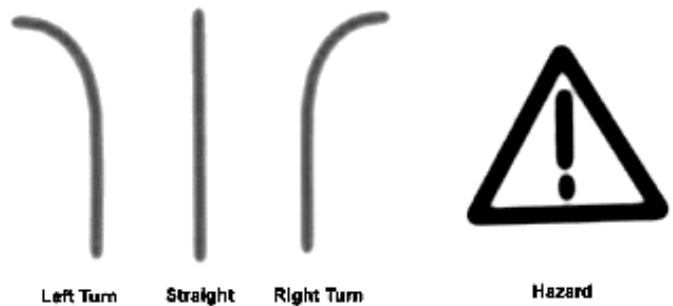

- Please ride single file whenever there is a vehicle in the area. Call out “Car Back” to warn other riders of a vehicle approaching from behind.
- Watch out for all traffic, parked cars and pedestrians & obey all traffic signs and signals
- Look out for sand and other road hazards.
- Let other riders know **BEFORE** you pass, slow down or stop.
- Please be courteous; we are using the roads with the permission of many towns in Connecticut; we would like to be able to use them again next year.

Rest Stops

- There is a Porta Potty and water fountain at mile 23.
- The rest stops are marked with a red “R” on the roads and are also marked on your Cue Sheet.
- Optional unmanned rest stops with toilet facilities are marked with the symbol “----” on the Cue Sheet.

Road Markings

- The road markings for your route are **YELLOW**.
- Hazards marks are **YELLOW**. Please watch for them.
- Markings are 2 to 3 feet long.
- Each turn will have one or more warning marks before the turn, a mark at the turn, and straight confirming mark after the turn
- Straight confirming marks are also placed at intervals of about 1 mile along the route.

We will be sending out a brief survey to find out what we did right and how we could do better. Please answer it.

Ride safely, and have a good ride. We hope to see you again next year!
